RE: CCPA 2008 SALARY SURVEY – AVAILABLE FOR PURCHASE

We are pleased to announce that the CCPA 2008 Salary Survey is still available for purchase. Once again, we received an excellent response to the survey, and believe that this response will make the report valuable to individual organizations as well as go far to show aggregate values for our industry.

Fifty-two community provider agencies participated in this year's survey, which includes actual salary data for 102 positions and detailed information about employee benefits. Our reporting format allows you to see the various data sorts in a single location. We have also reported the job requirements of individual positions so you can compare your individual job requirements with the industry at large.

If you would like to purchase a copy of the survey, please complete the form below and return to Sherri Woolley, Administrative Assistant. If you have any questions, please call the CCPA Office at (860) 257-7909 or email swoolley@ccpa-inc.org.

Yes, I would like to purchase a copy of the CCPA 2008 Salary Survey. My agency is a:
