Connecticut Community Providers Association **Statement on Governor's Budget**

"Upon initial review, we appreciate the governor's understanding of the importance of community providers to the delivery of human services in Connecticut.

Additional cuts, at this time, would make it impossible to serve our clients. The possibility of additional funding to cover the cost of increased demand is also welcome.

Community providers remain under stress due to under-funding and we will continue to work with Democrats and Republicans to seek the funding necessary to effectively maintain these important essential services."
