ScerIs: Achieving More with Less

Friday, September 24, 2010

9:00 am - 11:00 am

Presented by:

See Page 2 for
More Information!

Jim Walckner, President and CEO and

Jan Sickenberger, Division President Healthcare Solutions

As a follow up to CCPA's Electronic Health Record series, ScerIS will provide agencies with concrete methods for improving existing EHRs or selecting and implementing EHRs. Additionally, this breakfast series presentation will provide information about identifying process improvement opportunities, optimizing processes throughout the agency (clinical and administrative), and becoming more self reliant and autonomous as an overall business strategy. In line with this, there are three goals for this session:

Goal #1:

Learn about ScerIS and why agencies use us as a resource and virtual partner rather than vendor.

Goal #2:

Provide each participant with an understanding of how to identify the clinical and administrative process gaps/deficiencies throughout their agency that diminish the agency's financial performance and overall health; as well as how to get a handle on the cost of those deficiencies.

Goal #3:

Arm session participants with information pertaining to optimizing processes and thereby improving financial health of the agency.

Who Should Attend:

Executive Directors, COOs, CFOs, Business Managers, IT Directors, those who attended the CCPA EHR Vendor Series, as well as others interested in Electronic Health Records.

To Register:

Please Pre-Register for this event by completing the following information and faxing back to (860) 257-7777, Attention: Kendra Maigarie, Manager of Member Services, CCPA. Questions? Call (860) 257-7909.

CCPA Vendor Breakfast
ScerIS: Achieving More with Less
September 24, 2010
9:00-11:00 am

About ScerIS

ScerIS focuses on helping agencies become:

- More self reliant
- More competent with all processes and process management
- Less reliant on external vendors

Learn how to achieve these goals by attending the presentation by Jim Walckner, President and CEO and Jan Sickenberger, Division President Healthcare Solutions. Mr. Walckner has financial management, operations management and turn-around experiences that span many markets. Ms. Sickenberger has helped many provider organizations, including behavioral health agencies nationwide, with process optimizations that have lead to increased revenue and decreased costs. In this session they will cover:

- Overview of ScerIS
- Work Performed for Behavioral Health Agencies and Benefits Achieved
- ScerIS's Core Technologies and Services – Bridging the Process Gaps in Hundreds of Solutions
- Identification of Process Inefficiencies – The Underlying Causes That Apply to All Work Processes
- Achieving Optimized Work Processes and Related Efficiencies
- Achieving Self Sufficiency and Autonomy – Achieving More With Less

About CCPA

The Connecticut Community Providers Association (CCPA) represents organizations that provide services for children and adults with significant challenges including people with substance use disorders, mental illness, developmental and physical disabilities. CCPA is the lead advocate for rehabilitation and behavioral health services providers at the state legislature and with state agencies.
